

The South African Dental Journal (SADJ) is the only internationally accredited dental journal in Africa directed to the dental community, published by the South African Dental Association. Our papers are subject to rigorous peer review to provide you with a high-quality journal for reliable source of information on dentistry and dental science.

The SADJ caters for the interests of general dental practitioners, specialists, academics, oral hygienists and dental therapists. It features current concepts and teaching in clinical dentistry, news in the field of dentistry, evidence based dental healthcare, original scientific research and developments in the oral and health environment. The SADJ is designed to fulfil continuing professional development requirements of practitioners, and CPD tests can be done online.

The SADJ is published monthly from February to November and available at [www.sada.co.za](http://www.sada.co.za) in print and online. <https://www.sada.co.za/publications-sadj>
